

BIOWOLF *Cinco*

RUGGED - TABLET - BIOMETRICS

Wolf Range

Product Description

The BioWolf Cinco is a rugged tablet built for demanding environments like voter registration, secure identity verification, and field inspections.

With a FHD IPS touchscreen offering 500 nits brightness and long-lasting 10,000mAh replaceable battery, the BioWolf Cinco supports extended usage in any lighting or working condition.

Its IP67-rated durability, biometric options (fingerprint, palm recognition, and MRZ reader), and versatile connectivity (Wi-Fi, 4G LTE, GNSS, and NFC) make it ideal for critical applications.

The BioWolf Cinco delivers power, durability, and flexibility for any field operation.
